Dear Josh:

I'm remiss in not having thanked you for your nice note encouraging me to visit the Archive Center -- and even more remiss in having been on the job here since August and yet not scheduled a call on the Center!

Nevertheless it's certainly on my mind that I should go out there, and I'll just have to keep goading myself until I get it done. Larry Stifel is your ally in this effort at persuasion, so you know it will get done -- eventually!

Best to you and Marguerite. I hope we'll get ourselves organized to the point of inviting you over to our finally moved-into apartment one of these days soon.

Yours,

  
Richard W. Lyman
